

From
CEO's Desk

Dear Friend,

Today, Green Earth Group is among the fastest growing and emerging real estate corporates in South India. Over the years, we have always stood and believed in winning customers by identifying and fulfilling their needs and offering them excellent products and solutions with the stamp of reliability and trust.

It is the customer's confidence in us that has enabled and inspired us to do landmark projects like Tenerife and Richfield. With these highly successful projects, we have set a new trend in the real estate sector.

Now, I am delighted to present to you a premium project inspired by crafty Italians - The Delta Fattoria at Moinabad. It is a prestigious project and offers Farmland with a ready to use Cottage in a beautiful green location surrounded by many high-class developments like Hyderabad International Airport, Outer Ring Road, Twin Towers, IT & Business hubs, SEZs, Resorts, Townships and many other facilities.

Do make use of this wonderful property investment opportunity and accept my Invitation to become a proud owner of a Farmhouse at Delta Fattoria and spend quality time with your family and friends in a relaxed atmosphere at this exotic location.

Looking forward to see you at Delta Fattoria.

Warm Regards,

Mohammed Arshad Hussain
Chief Executive Officer
